Re: Permit Fee Due for New Notice of Intention to Commence Small Mining Activities, Conrad I Project,
S/027/078, Millard County, Utah

Dear Mr. Pugh:

The School and Institutional Trust Lands Administration (SITLA) forwarded your Notice for your King I Project, located in Section 2, T17S, R13W, Millard County, Utah. The Division has evaluated the Notice under the small mining section of our Rules. The notice meets the information requirements of Rule R647-3 of the 1988 Division of Oil, Gas and Mining Minerals Rules; however, a fee of \$100.00 is required in order for this permit to satisfy the Utah Mined Land Reclamation Act of 1975, Title 40-8-7(i) Utah Code Annotated. During the 1998 legislative session, the Utah Legislature authorized the collection of permit fees in the Minerals Program for new applications and annually thereafter to begin July 1, 1998.

A \$100.00 permit application fee is required before the Division can authorize commencement of the small mining operation. A billing statement is enclosed. You cannot create any disturbance until you receive written authorization from this Division and SITLA.

Thank you for your cooperation. Do not hesitate to call me at (801) 538-5321 if you have any questions regarding this letter.

Sincerely,

Tom Munson
Senior Reclamation Specialist
